

Help us connect to your community

Become an **Information Volunteer** and help spread the Healthwatch message in your community

What is an Information Volunteer?

Our volunteers are the eyes and ears of local communities, telling us what matters to people who use health and social care services.

Information Volunteers

- Promote Healthwatch
- Encourage people to get involved
- Gather people's views
- Share Healthwatch information
- Promote our Information & Signposting service

We will provide you with training, expenses and support.
